Read leaflet before use:

Common Name: Bensulfuron methyl Technical

BRAND NAME: -

Crops and Pest Groups: not applicable

Dosage: not applicable

Direction for use: not applicable

Manner and time of application: Not required

Purpose: for agricultural use

Re-entry: not applicable

Chemical Composition:

Associated Impurities: 0.50% Max. w/w

Comman Name: Bensulfuron methyl Technical

For uses and restrictions, consult the label or product data sheet.

Keep out of reach of children.

Keep in cool, dry place away from heat and open flame.

Bensulfuron methyl Technical
Systemic Herbicide

Danger Blue
Safety Precautions:
keep away from foodstuffs, empty foodstuff containers and animals feed. avoid contact with mouth, eyes and skin and avoid inhalation of the insecticide. wash thoroughly the contaminated clothes and part of the body after handling. do not smoke, drink, eat and chew anything while handling. wear full protective clothing while handling. do not discharge into lakes, streams, ponds and water bodies.

Symptom of Poisoning:
it causes irritation to eyes, skin and mucous membranes. coughing and shortness of breath. nausea, vomiting, diarrhea, headache, confusion and tearing or blurring of vision.

First Aid:

Benzoic acid-2,2'-[(6-methoxy-2,4-pyrimidinediy)bis-(iminocarbonyl amino sulfonyl methylene)] bis-dimethyl ester
Associated Impurities: 2.00% max. w/w

Xylenes
Associated Impurities: 0.30% Max. w/w

Methanol
Associated Impurities: 0.20% Max. w/w

Bensulfuron methyl
a.i. 96.00% min. w/w

4,6-dimethoxy-2-pyrimidine amine
Associated Impurities: 1.50% max. w/w

Methyl-2-[(aminosulfonyl)methyl]benzoate
Associated Impurities: 2.00% max. w/w

1H-2,3-benzothiazine-4(3H)-one-2,2-dioxide
Associated Impurities: 0.20% Max. w/w

Dimethyl-2,2-[carbonyl bis-(imminosulfonyl methylene)] bis-benzoate
Associated Impurities: 0.80% Max. w/w

Moisture
Associated Impurities: 0.20% Max. w/w

Total: 100.00 %
if ingested: rinse the mouth with water and give 1 to 2 glass of water to drink. do not induce vomiting until and unless desired by attending physician. if inhaled: remove the patient into fresh air. if patient is not breathing or breathing with difficulty, give artificial respiration, preferably with mouth breathing.

in case of skin contact: wash with soap and plenty of water. all the contaminated clothes should be segregated and thoroughly washed with soap and water separately before use. in case of eye contact: rinse gently with plenty of water at least 15 minutes. if pain, irritation, redness and photophobia persists. consult eye specialist.

Antidote
no specific antidote. treat symptomatically.

Cautionary statements:
1. not to be used for any purpose other than those subscribed on label and leaflets.
2. destroy containers after use as directed on leaflets.
3. Toxic for fish. Do not contaminate lakes, ponds and water bodies.

Precautions to be taken to avoid harm to the beneficial insects like honey bees and natural enemies of pests:
Toxic for fish. Do not contaminate lakes, ponds and water bodies.

Symptoms Of Poisoning
It causes irritation to eyes, skin and mucous membranes. Coughing and shortness of breath. Nausea, vomiting, diarrhea, headache, confusion and tearing or blurring of vision.

First Aid
If ingestion: If person is conscious and alert, rinse mouth with water and give 1 to 2 glass of water to drink. Never give anything by mouth to an unconscious person. Call the doctor. Do not induce vomiting until and unless desired by attending physician.
If inhaled: Take the patient to fresh air and take care of body temperature. If patient is not breathing or breathing with difficulty, give artificial respiration, preferably with mouth-to-mouth breathing. Consult a physician.
In case of Skin Contact: Wash with soap and plenty of water. If pain, redness or irritation persists, consult a doctor. All the contaminated clothes should be segregated and thoroughly washed with soap and water separately before use.
In case of eye contact: Rinse gently with plenty of water at least 15 Minutes. If pain, irritation, redness and photophobia persist then consult eye specialist.

Antidote
No specific antidote. Treat Symptomatically.

Phytotoxicity
Not required

Safety Precaution:
keep away from foodstuffs, empty foodstuff containers and animals feed. avoid contact with mouth, eyes and skin and avoid inhalation of the insecticide. wash thoroughly the contaminated clothes and part of the body after handling. do not smoke, drink, eat and chew anything while handling. wear full protective clothing while handling. do not discharge into lakes, streams, ponds and water bodies.

Storage Conditions
1. Store in a cool and dry place.
2. Store the herbicide in its original pack away form the reach of children, irresponsible persons and animals in a separate room under lock and key.
3. Room used for storage must be well built and ventilated and of sufficient dimensions to avoid contamination with vapour.
4. Animal feed should not be stored in room where the chemical is stored.
5. Do not use fire/open flame in place of storage.

Caution:"Not to Be Used on Crops Other Than Specified on This Label/Leaflet".
Cautionary Statement:

1. not to be used for any purpose other than those subscribed on label and leaflets.
2. destroy containers after use as directed on leaflets.
3. Toxic for fish. Do not contaminate lakes, ponds and water bodies.

Disposal of used containers, washing from equipment and surplus material:

1. It shall be the duty of manufacturers, formulators of insecticides and operators to dispose packages or surplus material and washings in a safe manner so as to prevent environmental or water pollution.
2. The used packages shall not be left outside to prevent their re-use.
3. The packages shall be broken and buried away from habitation.
